GOLF CLASSIC

33RD ANNUAL

The Golf Classic is one of the Central Valley's signature events, bringing golfers, volunteers, and friends together for 32 years. This event benefits the Kaweah Delta Hospital Foundation, raising more than \$2 million to-date going towards life-saving care positively affecting our community.

Unfortunately, these challenging times have left our hospital reserves depleted amplifying our purpose to lend support to Kaweah Delta Medical District. Our medical professionals continuously face many unforeseen challenges. Still today, and over the past many months, our teams have treated hundreds of COVID patients, continue to run COVID testing sites, and now are helping to vaccinate our community in order to defeat this horrible pandemic.

Our 2021 Golf Classic sponsorships and proceeds will focus on our new 2021 Modernization Campaign. This campaign represents the collective requests of our frontline medical teams who work diligently around the clock to treat patients. These requests are indicative of their commitment to improve patient care. A partial list of campaign items is listed (for a more complete list visit kaweahdelta.org/foundation).

Endoscopic Ultrasound: New technology will help Gastroenterologists diagnose and treat digestive and lung diseases. It will allow physicians to examine organs and structures currently not seen in standard endoscopic procedures.

Mother/Baby Bassinets: New Halo Bassinets swivel over the bedside and will keep a newborn within arms-reach. This technology is especially important following a Cesarean section birth.

Ventilators - Acute Care: This new generation of ventilators offers more comfort, is lightweight, and quieter, giving patients more freedom to move about.

Emergency Department - Pediatric Rooms: Three rooms in the new Emergency Department are dedicated to our youngest patients. A friendly atmosphere will calm children and their parents during Emergency Department visits.

Today, Kaweah Delta remains at the forefront of the health care industry recognized as the most awarded hospital for clinical quality in the Central Valley by Healthgrades (a nationally recognized rating and rankings system for health care providers throughout the US). Among its recognitions, Kaweah Delta has been named one of America's 50 Best Hospitals for Cardiac Surgery for the fourth year in a row and one of America's top 100 hospitals in the care of stroke, pulmonary and critical care patients.

Working Together We Are Stronger!
