 Kaweah Health employees are united by a single purpose—to meet the health care needs of our communities. And while the pursuit of healthiness is ongoing, we’ve chosen National Hospital Week as a time to honor our world-class Service Excellence Award recipients. These individuals have been recognized by their peers for professionalism, dedication, and commitment to excellence. Some of them care for patients, some provide support services—all of them are deserving of our respect and admiration. We also want to thank the thousands of unsung heroes who are working quietly behind the scenes, doing the work so necessary to fulfilling our mission.

Whether it’s food preparation, laundry, maintenance, housekeeping, tech services, volunteer services, fundation, administration, patient care, or one of the many support services, we at Kaweah Health believe that each of us plays a vital role in helping to save lives and keeping our communities healthy.
I Care.

We say it as a phrase of affection—but at this very moment, somewhere, there’s a nurse giving new meaning to these words. And to the patient receiving care; it’s making all the difference in the world.

It takes a special person to be a nurse. Everything they do to help someone's condition, help them heal, or overcome their fears. It takes smart, discipline, compassion, stamina, and a mental toughness to deal with situations that the average person would be unable to withstand. Most of all, an empathy could never be overstated.

If you meet a nurse this week—offer them a heartfelt thanks; you can be sure that you earned it.

CANCER. Nobody likes to talk about it, but when it touches you or someone you love, it’s all you can think about. The staff at Sequoia Regional Cancer Center are literal lifesavers, but they need you to do your part. Early detection and prevention are key to beating cancer. If you smoke, quit. If you don’t get yearly checkups, start now. We want you to enjoy more moments like these.
