COURSE OBJECTIVES:

Management of patients rendered unconscious or insensitive to pain and stress during surgical, obstetric, and other medical procedures. Preoperative evaluation, evaluation of, and treatment of patients in specialized care and pain management, cardiopulmonary resuscitation, respiratory care problems, and management of critically ill and or inert patients in special care units.

SUPERVISION:

Attending Physicians, Residents, and CRNAs

NUMBER OF STUDENTS: Maximum of 4 students

VISITING STUDENTS: Yes

DESCRIPTION:

Clinical Shifts will be Monday-Friday 6:30am-3:30pm, with the option to take call with one of our faculty members. They will be invited to all academic activities. Education days are Mondays beginning at 13:00. All students will have the opportunity to participate on a week of Main OR, a week of OB Anesthesia, a week of Cardiac and a week of Regional Anesthesia.

EVALUATION:

End of rotation evaluation will be completed by rotation faculty members. Please email evaluation request to MS Coordinator.

***Selective Attendance and Illness Policy**

In order to insure adequate clinical exposure, no more than 3 days of excused absences, including interview days can be accepted during your rotation. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the Coordinator as well as the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. **Any planned absence must be registered with the coordinator prior to the first day of the rotation.** Further attendance requirements may be covered during the first day orientation.
