Center Office (559) 624-3104, Cell (559) 679-2761

RE: Imaging & Radiation Oncology Services Overview

Imaging & Radiation Oncology Services offers advanced Imaging and Cancer Services to our community and physicians. Thanks to aggressive growth and strong market presence, we provide a high level of technical availability to diagnose, report findings and treat cancers. Our goal is to help make your practice successful. System wide, here are some of the highlights as to what we provide:

- 26 years of Picture Archival Communications System- PACS. Availability of images and reports at any KDHCD facility. We can provide you availability in your office, home, or on the internet.
- 24/7 availability of Radiologists. (Mineral King Radiological Group)
- After hours STATRad services- Tele-radiology with 15 minute turnaround time
- Direct access to managers and directors for you and your staff, to help navigate difficult cases or expedite scheduling as needed.
- High level Cancer program

I. Inpatient Facilities

A. Kaweah Delta Medical Center (Main Campus)

1. (1) MRI- 1.5 tesla magnet system in house including MRA
2. (2) CT 64 slice multi-slice scanner including CTA, and perfusion studies, TAVR
3. (2) Nuclear Medicine – Comprehensive Spect CT Nuclear Cameras
4. (2) Fluoroscopy – 2 Units (used for general fluoro)
5. (3) DR Diagnostic X-ray
6. (3) Ultrasound Suites, 1 Portable US. (1) Suite used for BX, (1) suite with Paracentesis and Thoracentesis capabilities. (1) Suite with diagnostic US

B. Kaweah Delta Rehabilitation Hospital – 1 Diagnostic X-ray room w/ CR unit

C. South Campus Diagnostic X-ray services – 2 rooms w/ 2 CR readers

D. North Campus Demaree X-ray services – 1 DR room

E. Portable X-ray units (5 CR units & 4 DR for ED and floor services)

F. C-Arms – Surgery services

1. (6) OEC C-arms for general use, (1) Philips Vascular C-Arm (1) Uro- Table (1) O-Arm for Neuro cases

Outpatient Facilities

- A. **Kaweah Delta Imaging Center (KDIC)** 4949 W Cypress Ave
1. MRI- 1.5 tesla magnet with 16 channel detectors, including MR angio
 2. CT- 160 multi-slice scanner including CT angio, Calcium Scoring, TAVR
 3. Fluoroscopy (2) – DR R/F rooms
 4. (1) DR X-Ray including long film scoliosis system
 5. (1) DEXA Bone Density unit
 6. Ultrasound (2)
 7. PET/CT Mobile services Monday, Tuesday & Thursday each week
 8. **Kaweah Delta Breast Center** (Within KD Imaging Center)
 - a. *RN Breast Educator/Navigator* – provides case management, if needed
 - b. *3D Breast Tomosynthesis* Mammography with CAD technology
 - c. Affirm 3D Stereotactic Breast Biopsy
 - d. Ultrasound Guided Breast Biopsy
 - e. Breast Ultrasound
 - f. Breast Needle localization
 - g. MRI of Breast
 9. Lab Services available M-F: 7:00am-3:30pm
- B. **South Campus-** Kaweah Admissions and Testing; Transitional Care Unit; Urgent Care: 1633 S Court St
1. Diagnostic X-ray services available for walk-ins OP services 7:30-10:00pm
 2. EKG Services available M-F 7:30am-5pm
 3. Lab services available M-F, 7:00 am-5:00pm
- C. **Urgent Care North Campus**, 3600 W Flagstaff Ave, Diagnostic Xray services available for walk-ins 8:00am-8:00pm
- D. **Sequoia Regional Cancer Center** 4945 W Cypress Ave, **Visalia**
1. Extensive Brachytherapy program provided by board certified Radiation Oncologists
 2. (1) Truebeam Linear Accelerator, (1) EX Linear Accelerator
 - Precision Radiation Therapy treatments
 - SBRT & SRS – collaborative treatments with our neurosurgical Physicians
- E. **Sequoia Regional Cancer Center** 1443 W 7th Street, **Hanford**
1. (1) EX Linear Accelerator

II. Studies that require scheduling: Centralized Scheduling #624-4000 for all studies EXCEPT Nuclear Medicine, please call #624-2600

A. If you experience any scheduling or reporting delays, please don't hesitate to call our OP manager, (624-3104) or Director, (624-2345) directly.

- All CT/CTA scans
- All TAVR CT scans
- All MRI/MRA scans
- All Mammograms
- All Ultrasound scans
- Fluoroscopy (Fluoro) Studies
 - Barium Enemas
 - Barium Swallow studies
 - Upper GI exams
 - Upper GI with small bowel follow through
 - Voiding Cystourethrograms (VCUG)

- Hysterosalpingiogram (HSG)
- Bone Surveys
- Arthrograms
- Lumbar Myelograms
- Lumbar Punctures
- PET/CT, M, W, Th
- Nuclear Medicine exams (KDMC only) 624-2600
